
Mr Giancarlo Spotti appointed CEO of Marcegaglia Buildtech

Thursday, 19 Jan, 2012

Mr Giancarlo Spotti, for many years general manager of Marcegaglia Stainless Steel Division, has been appointed CEO of Marcegaglia Buildtech, the group of companies operating in the building and construction sector with a wide range of products including construction equipment, road safety barriers, insulated panels, automated storage systems and photovoltaic systems.

The Stainless Steel Division will be now managed by Mr Egidio Bini, long time collaborator of Mr Spotti, who will operate with his staff on domestic and international markets for stainless steel welded tubes, cold drawn bars and flat products.
